Children Like the "M" Waist

They are nicely made, and above all, comfortable to wear. The tape suspender principle carries all the strain from the shoulder, doing away with that dragging feeling common in all other waists. What brings comfort to the children is pleasing to the mother. They are better in every respect, wear longer and cost no more than the inferior kinds. **ASK TO SEE THEM.**

MARRIAGE VOWS GIVEN

Miss Olive B. Hill and Bert Thompson Were Married by Rev. T. F. Dornblaser Last Evening.

BRUELLISAUER --- KNAPLE NUPTIALS

Miss Etta Cates of Freeport and Charles H. Stiteley of Dixon Will Wed at Freeport Tonight at 8:30.

Tuesday evening at 8 o'clock at the Lutheran parsonage, the Rev. T. F. Dornblaser united in the bonds of holy wedlock Miss Olive B. Hill and Albert L. Thompson, both of this city. The groom was assisted by Jasper Hill, brother of the bride. After the ceremony Mr. and Thompson went to the home of the bride at No. 802, East Morgan street, where a reception in their honor was held. The young couple received a number of handsome gifts. Mrs. Thompson is a daughter of Mr. and Mrs. Thomas Hill, and her sterling worth is evidenced by her numerous friends. The groom is a son of Mr. and Mrs. R. K. Thompson of Plainfield, Iowa, from which city he came to Dixon a year and a half ago. He is an industrious young man whose unflinching good nature combined with uprightness of character have won him the esteem of all. He had prepared and furnished a home for his bride at No. 611 College avenue, where Mr. and Mrs. Thompson have gone to housekeeping and where they will be at home to their friends shortly.

Bruellisaue-Knaple.

Rev. Father Foley this morning celebrated the marriage service at St. Patrick's Catholic church which united the young lives of Miss Mary Bruellisaue and Joseph A. Knaple of North Dixon. The ceremony was performed in the presence of quite a large number of friends.

Both of the young people were born in Switzerland and came to this city with their parents soon after the then Anglo-Swiss Condensed Milk factory was located here. They are both popular in the circles in which they move and are receiving the congratulations of their many friends. They will occupy half of the double house in which the groom's parents reside.

A reception in honor of Mr. and Mrs. Knaple will be given this evening at the residence of Mr. and Mrs. Albert Knaple at Loveland Place.

Gates Stiteley.

The marriage of Miss Etta Gates and Charles Stiteley of Dixon, which is to be celebrated at the Hotel Brewster at Freeport this evening at 8:30, is going to be a large and fashionable affair. Nearly 300 invitations have been issued and many guests will be present from Chicago, Dixon and elsewhere. Rev. Charles E. Dunn, pastor of the First Presbyterian church, is to be the officiating minister and Miss Pearl Gates of Evanston will be bridesmaid and Dr. C. L. Snyder of Freeport will be best man. The flower girls are to be: Misses Dorothy and Jean Knowlton, Ruth and Alice Hill, Genevieve Bowler, and Margaret Davenport. The young couple will board in Dixon for a month, when it is expected that their new home will be completed.

Tuller-Thompson.

Cards have been received in this city announcing the marriage on Nov. 12 at Prophetstown of Miss Jennie Tuller and Clyle Fillmore Thompson, both of that city. Both are well known in this city, the latter having lived here at one time. He is a nephew of Mr. and Mrs. R. W. Thompson.

Missman-Underkoeller.

Last evening at 7 p. m. at the home of Mr. and Mrs. B. Underkoeller of this city occurred the marriage of their daughter, Miss Clara, and Arthur Missman of South Dixon. The ceremony was performed by Rev. J. G. Brooks of the Congregational church in the presence of only the relatives and immediate friends of the contracting parties. Mr. and Mrs. Missman will make their home on the old Missman homestead in South Dixon.

Married in September.

Miss Myrtle McBride and William H. Snyder, both of Dixon, were married in Chicago on September 5. Mr. and Mrs. Snyder returned from the city Monday.

Licensed to Marry.

MITCHELL CONFERS WITH PRESIDENT

Was At White House Today With Roosevelt and Wright.

SPECIAL TO THE TELEGRAPH: WASHINGTON, Oct. 15.—John Mitchell president of the Miners Union, arrived in the city at 11:27 this morning and went direct to the temporary White House. Commissioner of Labor Wright was with President Roosevelt when Mitchell was presented and the conference began at once. Mitchell left the White House at 12:55, having been with the President a little over an hour. He went to the office of Commissioner of Immigration Sargent and said that he would see the President again at 3 o'clock. No statement is given out from Mitchell or from the White House.

AMERICAN PRESS ASSOCIATION.

W. R. C. CONVENTION AT MORRISON.

Corps from Cities in 13th Congressional District to Assemble Tomorrow.

Tomorrow at Morrison occurs the Woman's Relief Corps convention of the thirteenth congressional district. Members of corps from the following cities of the district will be present: Dixon, Amboy, Pawpaw, Oregon, Polo, Byron, Morrison, Sterling, Rock Falls, Prophetstown, Tampico, Lyndon, Lanark, Shannon, Milledgeville, Mt. Carroll, Thomson, Chadwick and Freeport. Thirty members from the Dixon corps will attend, leaving at 10:17 a. m. The convention will be presided over by District President, Mrs. Marie L. Green, who went to Morrison this afternoon to arrange several matters in connection with the convention. The secretary of the district is Miss Anna Sprecher of Lanark.

The opening address will be delivered by Mrs. Frances Lewis, of Morrison. The response will be given by Mrs. Jennie Wood of Polo. Mrs. L. W. Mitchell of Dixon will read a paper on "Patriotism." The reports of the various corps will occupy the morning session and in the afternoon there will be an exemplification of the corps work by the Morrison ladies. There will be no campfire in the evening as originally intended in order to allow the corps east of Morrison to come home on the evening train No. 4.

COUNTY PROHIBITION RALLY.

W. A. Brubaker and C. H. Tuesburg Will Speak in Dixon Friday.

A county prohibition rally will be held in Dixon Friday afternoon, Oct. 17. If the weather is favorable an outdoor meeting will be held, but provision has been made for bad weather by engaging Miller's hall, just north of the post office.

The meeting will open at 2:30 o'clock. The speakers will be Hon. Charles H. Tuesburg of Pontiac, candidate for state treasurer on the prohibition ticket, and Hon. William A. Brubaker of Chicago, one of the state organizers for the party. Both are said to be excellent speakers and the latter has addressed Dixon audiences several times.

Dwelling House at Amboy Burned.

The two-story frame house of George Hewitt, in the west part of Amboy, was partially destroyed by fire at 2 o'clock this afternoon, only the first story remaining unconsumed. The fire caught from a defective flue, it is supposed. The Amboy fire department was promptly on hand and saved considerable property. All the clothing and furniture was destroyed, but there was full insurance on the house and furniture. The dwelling had been lately remodeled.

In New Quarters.

Dan Donovan's meat market is now in more commodious quarters one door west of the former place of business.

The funeral services over the remains of Jacob Bauer were held Tuesday forenoon at 10:30 o'clock at the Catholic church in Harmon. The funeral cortege was a long one and left the home at 9 o'clock. The services at the church were in charge of Father Ryan of the Harmon church. There were numerous and very beautiful offerings. After the services the remains were escorted to the Harmon Catholic cemetery where they were laid to rest.

ELEVENTH ANNUAL CONCERT AND BALL

The Salisbury Orchestra and Miss Abby Rose Wood of Chicago Gave a Fine Concert Program.

The eleventh annual concert and ball given by the members of the Marquette club of this city was held last evening and was an unqualified success. The G. G. Rosbrook hall presented an inspiring array of handsome women and gay escorts over whom the vari-colored shades over the incandescent lights shed a soft glow. The music was furnished by the Salisbury Orchestra of Chicago and the only complaint heard was that their dance music was somewhat too fast in several instances. There were eleven musicians led by Conductor L. H. Salisbury himself. Miss Abby Rose Wood, soprano soloist, was with them and pleased all with her sweet and mellow voice which had a wide range and much power. The following program was rendered, beginning at 8:30 and continuing until 9:15:

March—"The Elks".....Thiele
Overture—"Tancréd".....Rossini
Soprano Solo—"Lontananza".....Mascheroni
Negro Symphonies—"Mobile Love".....Antoni
Intermezzo—"Whispers".....Puerer
Soprano Solos—
"Wouldn't That be Queer," Beach
"As the Cuckoo Struck Two, Two" Calliste
There were one hundred and seventy-five couples present when the grand march was started at 9:15. It was led by Miss Mary Sheehan and Will Cahill. After passing through many graceful movements the long lines of dancers broke into a two-step as the music changed and the dancing began. At midnight the dancing ceased and the merry-makers enjoyed a lunch served at Huguet Hotel during a half-hour intermission. The grand march selection was "The Cascade" by Mann. Then came:

Two Step—Clorinda.....Haines
Waltz—Dream of Childhood.....Walsh
Two Step—Sunny Wizard of Oz.....Hutchison
Quadrille—Pearl of Time.....Souton
Two Step—Ragtime Nightmare.....Turpin
Waltz—In Florida.....Gernert
Two Step—Josephine, My Joe.....Smith
Waltz—I've Loved But You.....Dresser
Two Step—A Little Boy in Blue.....Morse

INTERMISSION—LUNCH.
Waltz—Symphony.....Holmann
Two Step—King Dodo.....Luders
Lancers—Children's Games.....Banta
Waltz—When Knighthood was in Flower.....Gustin

Redowa—La Carina.....Young
Two Step—Bowery Buck.....Turpin
Waltz—The Charmer.....Witmark
Two Step—Harmony Moon.....Mills
Waltz—For Her, Her Her.....Taylor
Two Step—My Bamboo Queen.....Von Tilzer
Waltz—Pretty Mollie Shannon.....Witmark
Two Step—Creole Belles.....Lampe
Waltz—May Sweet May.....Jose
Two Step—Please Let Me Sleep.....Von Tilzer
Waltz—I'm Tired Good Night.....Everybody

The members of the floor committee were E. J. Cook, W. J. Kennedy, Wm. Coffey and John W. Null.

Among the guests from out of town were Misses May Welch and May Kelly of Aurora; Chas. Brown, Sublette; Miss Mary D'Arcy, John D'Arcy, Sterling; Miss Adelaide Thomas, Oak Park; Mrs. Shepler, Fulton, Miss Phoebe Wolf, Polo; Orville Kelly, Sterling; Mrs. Thomas Walters, Oregon; Mr. and Mrs. Tryon Rosbrook, The Bend; George Hicks, Polo; Khalil Barkout, Ottawa; Miss Florence Jamison, Pontiac; Robert Smith, Amboy; Guy Back Chicago; Ethelbert Lyle, Will Kelly, Rock Falls; Miss May Hill, Harry Stenger, Mendota; John Manion, Will Cox, Freeport; Ed. Death of Old Resident of Nelson.

Mrs. H. K. Hubbard died at the home of her daughter, Mrs. George S. Ransom of Nelson, Tuesday afternoon October 14th, at 3:45 o'clock, of heart failure, after only a few days illness. She would have reached her seventy-fifth anniversary had she lived until the 20th of next month. She had been a resident of this county for the past forty-six years. Her husband died four years ago, but she leaves four grown up children to mourn her loss. The funeral will be held at the residence of her daughter, Mrs. Ransom of Nelson, Thursday afternoon, Oct. 16, at 2 o'clock.

No Bones to Pick With the "Round Oak"

When you buy meat with a bone in you can make up your mind that you're paying for the bone every time. You can't expect to get the best piece for the littlest price. Neither can you expect to get the best stove for the littlest price. If you buy a poor stove you can make up your mind you're paying all its worth. A stove that burns coal twice as fast as another stove isn't worth a small fraction of the cost of that other stove. The "Round Oak" is a good stove—burns soft coal, makes a hotter fire and saves fuel at the same time. You see it burns up the gas that usually goes up in smoke. Burns hard or soft coal, coke and wood. Today's price of White Enamelled Steel Range in window is \$57.

WANTED

We would like to ask, through the
columns of your paper, if there is any
person who has used Green's August
Flower for the cure of Indigestion,
Dyspepsia, and Liver Troubles that
has not been cured—and we also mean
their results, such as sour stomach,
fermentation of food, habitual consti-
pation, nervous dyspepsia, headaches,
despondent feelings, sleeplessness—in
fact, any trouble connected with the
stomach or liver? This medicine has
been sold for many years in all civilized
countries, and we wish to correspond
with you and send you one of our books
free of cost. If you never tried Au-
gust Flower, try one bottle first. We
have never known of its failing. If so
something more serious is the matter
with you. Ask your oldest druggist,

try Botanic Blood Balm at our ex-
pense. Botanic Blood Balm (B. B. B.)
kills or destroys the poison in the blood
which causes the awful aches in back
and shoulder blades, shifting pains,
difficulty in moving fingers, toes, legs,
bone pains, swollen muscles and joints
of rheumatism, or the foul breath,
hawking, spitting, droppings in the
throat, bad hearing, specks flying be-
fore the eyes, all played out feeling of
catarrh. Botanic Blood Balm has
cured hundreds of cases of 30 or 40 years
standing after doctors, hot springs and
patent medicines had all failed. Most
of these cured patients had taken
Blood Balm as a last resort. It is es-
pecially advised for chronic, deep-seated
cases. Impossible for any one to
suffer the agonies or symptoms of rheu-
matism or catarrh while or after tak-
ing Blood Balm. It makes the blood
pure and rich, thereby giving a healthy
blood supply. Cures are permanent
and not a patching up. Drug stores,

Barrie's delightful serial, full of
humor and pathos, "The Little White
Bird," dominates the interest in
Scribner's for October. Even his
most ardent admirers will be delight-
fully surprised by the versatile fancy
shown in the fairy tale of Peter Pan,
which is the feature of this instal-
ment. It is written with a grace and
delicacy that even Barrie has never
surpassed.

DEAFNESS CANNOT BE CURED
by local applications as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eus-
tachian Tube. When this tube is in-
flamed you have a rumbling sound or
imperfect hearing, and when it is en-
tirely closed, deafness is the result,
and unless the inflammation can be tak-
en out and this tube restored to its
normal condition, hearing will be de-
stroyed forever; nine cases out of ten
are caused by Catarrh, which is noth-
ing but an inflamed condition of the
mucous surfaces.

We will give One Hundred Dollars
for any case of Deafness (caused by ca-
tarrh) that cannot be cured by Hall's
Catarrh Cure. Send for circulars free.

Plants and Gravitation.

The sense of gravitation in plants is
that sense, for example, that makes a
pine tree grow straight upward. A
plant that curves assumes that position
because its sense of gravitation makes
it take the one best suited to its needs.
Some flower stalks are very curiously
guided by the gravitation sense. The
narcissus is an example. At first there
is a straight shaft piercing the ground
with its compact pointed flower bud,
but as the flower opens the stalk bends
close to the top and brings the flower
tube into a roughly horizontal position,
where it shows off its bright colored
crown to attract the insects, on the
visits of which it depends for fertiliza-
tion. The flowers are guided to the
right position by the gravitation sense,
and they increase or diminish the an-
gular bend in their stalk until the
right position is attained.

Hugo and the Poets.

"One day," said Turgeneff in his
"Reminiscences," "we were discussing
German poetry. Victor Hugo, who did
not like others to monopolize the talk
when he was by, interrupted me with
a disquisition upon Goethe. 'His best
work,' he remarked in an Olympian
tone, 'is "Wallenstein."'
"Pardon me, cher maitre, "Wallen-
stein" is not Goethe's, but Schiller's."
"No matter; I have read neither of
these authors, but I understand their
spirit better than those who know them
by heart."
"What could I reply?"

Cheerful Prospect.

Patient—"Tell me candidly, doctor, do
you think I'll pull through?"
Doctor—"Oh, you are bound to get
well. You can't help yourself. The
Medical Record shows that out of a
hundred cases like yours one recovers
invariably."
"That's a cheerful prospect."
"What more do you want? I've
treated ninety-nine cases, and every
one of them died. Why, man alive,
you can't die if you try! There's no
humbug about statistics!"

The New Big Store

We've Made Another Improvement.

A few years ago every store keeper tried to buy the cheapest that could be obtained. Even yet, some merchants handle nothing but seconds and job lots. Quality has been our watchword—never more so than this season, and when you inspect our new goods, you will find an improvement in quality wherever an improvement has been possible. Not how cheap—but how good—that should be your question. We've made new prices on the new goods, and are so well pleased with their value, that it's with more than usual satisfaction we say: Money back if your purchases are not satisfactory.

NEVER ASK ADVICE.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Hony and Tar, the greatest throat and lung remedy it cures coughs and colds quickly. Rowland Bros.

Special Excursions to St. Paul, Minneapolis, Duluth, Superior, West Superior, Ashland, Bayfield and Waseca.

The North-Western Line offers low round trip rates to the points named above until September 10, good to return until Oct. 31. Apply to agents Chicago & North-Western R'y.

LOOK OUT FOR FEVER.

Biliousness and liver disorders at this season may be prevented by cleansing the system with DeWitt's Little Early Riders. These famous little pills do not gripe. They move the bowels gently but copiously, and by reason of the tonic properties, give tone and strength to the glands. Rowland Bros.

FORTY YEARS' TORTURE.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. Rowland Bros.

Home Seekers' Excursion to the North-West, West and Southwest.

Via the North-Western Line. Home seekers' excursion tickets at greatly reduced rates will be sold on the first, third, and fifth Tuesdays of each month, one to October, inclusive, 1902, to the territory indicated above. Stand and tourist sleeping cars; free reclining chair cars, and "the best of everything." For full particulars apply to agents Chicago & North-Western R'y.

Readers! Of THE EVENING TELEGRAPH leaving town for any part of the summer may have the paper mailed to them for 10 cents a week postpaid and addresses will be changed as often as desired. Notify the office or circulator. 182t

NATURAL ANXIETY.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease cost more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. It liquefies the mucus, always inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, a sore throat and lung trouble. E. S. McMahon, Hampton, Ga.: "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal. Rowland Bros.

Northwestern Opens New Line.

The Northwestern has announced the opening of its new line from Evanston Junction and Sleepy Eye, Minn., to Marshall, Minn. The new line is 47.14 miles long from Evanston Junction (on the present Sleepy Eye and Redwood Falls line), or 54.48 miles from Sleepy Eye. A passenger train over the new line will leave Sleepy Eye daily, except Sunday, at 12:15 p. m. connecting with train from Chicago.

SPENT MORE THAN \$1000.

W. W. Baker of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1000 without relief. She became very low and lost all hope. A friend recommended Foley's Hony and Tar and thanks to this great remedy it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. Rowland Bros.

A Brook Song.

[The following touching poem was found among the papers of the late Eustace Shaw.]

I'm hastening from the distant hills
With swift and noisy flowing,
Nursed by a thousand tiny rills,
I'm ever onward going.
The willows cannot stay my course,
With all their plant wooing;
I sing and sing till I am hoarse,
My prattling way pursuing.
I kiss the pebbles as I pass,
And hear them say they love me.
I make obeisance to the grass,
That kindly bends above me.
So onward through the meads and dells
I hasten, never knowing
The secret motive that impels,
Or whither I am going.

A little child comes often here
To watch my quaint commotion,
As I go tumbling, swift and clear,
Down to the distant ocean;
And as he plays upon my brink,
So thoughtless and so merry,
So full of noisy song, I think
The child is like me, very.
Through all the years of youthful play,
With ne'er a thought of sorrow,
We, prattling, onwards speed our way,
Unmindful of the morrow;
Aye, through these sunny meads and dells
We gambol, never knowing
The solemn motive that impels,
Or whither we are going.

And men come here to say to me:
"Like you, with weird commotion,
O little singing brooklet, we
Are hastening to the ocean;
Down to the vast and misty deep,
With fleeting tears and laughter,
We go, nor rest until we sleep
In that profound Hereafter.
What tides may bear our souls along,
What monsters rise appalling,
What distant shores may hear our song
And answer to our calling,
Ah, who can say! through meads and dells
We wander, never knowing
The awful motive that impels,
Or whither we are going!"

DID YOU REGISTER?

The judges of the various election precincts in Dixon make fairly good reports of the registration yesterday, but this is largely the result of hard work upon their part. They copied the poll books of the special election of last week, which are of course correct, and then by the aid of the city directory refreshed their memories upon voters who they were sure are eligible but who failed to register.

There are doubtless many new voters whose names are not on the books and there are many more old voters who failed to go to the places of registration yesterday. This neglect not only makes the judges unnecessary work but is running the chance of putting the voter to a great deal more inconvenience in swearing in his vote on election day than it would be to step to the polls on registration day and give his name to the judges.

There is one more chance to register—Tuesday, Oct. 28. Voter, be sure and examine the books of your precinct on that day and see that your name is there.

A Safe Candidate.

Amboy Journal: Walter B. Merriman, Republican candidate for county treasurer was in town last Saturday. He is a pleasant gentleman to meet and inspires one with confidence and respect, by his evident sincerity and decision of character. It is safe to say that he will make one of the best of county treasurers under the greatly enlarged duties and powers of that office under the new revenue law. He is strictly methodical in business matters, careful and prudent in management, and of unquestioned integrity, and his word is as good as a bond. The finances of the county could not be in safer and more competent hands.

The county treasurer is now ex-officio county assessor. The township assessors are under his supervision and subject to his authority. In the administration of this department, Mr. Merriman will bring superior talents and special fitness. He has excellent business judgment and discrimination. He is familiar with values of both personal and real property. His judgments are carefully formed and unusually accurate. He will be found just without being merciless, firm without being obstinate; and he will know neither friend nor foe in the performance of the official work as county assessor.

Mr. Merriman is always an active Republican; and will take part in the campaign during the time before election, as much in the interests of the party and ticket at large, as for his own interests as a candidate.

ECLIPSE OF MOON THURSDAY NIGHT.

Other Astronomical Items of Interest
---Jupiter and Saturn.

On the evening of Thursday, October 16th, we are to have a view of an eclipse of the moon. It will enter the penumbra at 9:35 and come in contact with the full shadow of the earth at 17 minutes after 10 o'clock. In an hour and two minutes more the eclipse will be total. The moon will be completely in the shadow for an hour and twenty-eight minutes. In one hour more it will have cleared the shadow and we will have a full moon again. It will then be three-quarters of an hour after midnight.

To those interested in heavenly phenomena, the planets Jupiter and Saturn will be objects of interest all through this month. They are south shortly after sunset. Jupiter, the most brilliant of the two, will be on the meridian on the 15th, at six minutes after 7 o'clock. Saturn is an hour and ten minutes west of Jupiter. They culminate four minutes earlier from night to night—that is they make, or apparently make the circuit of the heavenly vault in 23 hours and 56 minutes, or four minutes less than a day. Both are very beautiful, and shine with great brilliancy—surrounded by thousands of other apparently lesser lights hundreds of times larger, but so far removed from us by distance that they seem to be merely small points of light. Anyone having even a small telescope that magnifies twelve diameters by pointing it to the major planet, and fixing it to overcome vibration, may watch with interest the play of its satellites. But the hands are not steady enough to hold the instrument to give satisfaction. It has got to be poised on something solid. A glass magnifying 66 diameters makes the planet appear as large as our moon, and when the atmosphere is favorable that same power will show the transit of the shadow of the satellites across the disc of the planet.

Look After Sunset.

But a greater magnifying power is better, and the best time to observe that particular phenomenon is just after sunset, while yet there is considerable light and the planet can be first seen by the unaided eye. The brilliancy from the planet, and the small yet black round shadow appears very pronounced.

Venus and Mercury are too close to the sun to be seen in the dark at the present time. But Mars can be seen rising in the east between 4 and 5 o'clock in the morning. And after January, next year, Venus will be visible in the west after sunset, and will be evening star until September 17.

On August 12 this planet will reach the greatest brilliancy and from the 9th to the 15th it may be seen with the unaided eye on the meridian at half-past two in the afternoon in the bright sunlight. It will culminate several degrees south from the point where the sun passed at the meridian, its phase, though less than half moon, is not observable without telescopic aid. It shows no projecting rays of light but has the appearance of small globules of milk.

Belvidere People Want No More Carnival.

A Belvidere dispatch to the Rockford Register-Gazette yesterday among other things says: The controversy and recrimination which has followed in the wake of street fairs in every part of the state has broken forth with considerable vigor in Belvidere, and promises to wage stronger daily. Attachments have been served against the German Village, the Streets of Cairo and the Streets of India.

The dancing girls of the Streets of Cairo have laid the town by the ears. They are still here attending entertainments, etc., and are very conspicuous.

Belvidere waded through seas of trouble to get the street fair here and now that the tidal wave has passed, finds herself in very deep water.

The assault on the police officers Saturday night was not the only trouble. Ladies were frequently insulted, and snuff as well as confetti was thrown into people's faces. Hundreds of ladies went on the streets armed with hat pins with the avowed intention of sticking any stranger who dared lay a hand on them. Many of them kept their word.

DR. VANHORNE IS PRESIDENT

Of the Union Veterans' Association of Rock River Conference of Methodist Church.

DEPLORE INCREASE OF DIVORCES

Ministers in Conference at Austin Recommend Changes in Divorce Laws—Roosevelt Is Commended.

The Union Veteran association of Rock River conference at their annual meeting elected the following officers for the ensuing year:

President—G. R. Vanhorne.
Vice President—W. H. Smith.
Secretary and Treasurer—J. W. Lee.

These officers, with J. L. Backus, constitute the executive committee. J. J. Tobias, J. W. Lee, J. L. Backus and W. H. Tuttle were elected a committee on correspondence. An effort will be made for all the conferences of this and adjoining states to organize a union veterans' association in each conference and to send delegates to the annual meeting of Rock River association, to be held next fall in the city of Aurora. No doubt but what Aurora post, No. 20, G. A. R., will cooperate to make this a most impressive, patriotic and memorial meeting.

By unanimous vote the Federal government was called on to abolish the liquor traffic in the District of Columbia, on military and other Federal reservations, and in the territories and new insular possessions of the nation. The use of tobacco by ministers was condemned. The report of the committee on marriage and divorce deplored the increase in the number of divorce proceedings, declared that there was "no more serious offense than the loose and abominable methods, of alarming frequency, in the divorce courts of some states." It recommended that no decree be granted within three months of the default or appearance of the defendant in any case. A uniform law for all states was also advocated.

The committee on the state of the country commended American institutions, expressed regret at strained relations between labor and capital, and voiced the conference's opinion that there could be "no justice in the effort of organized capital to discredit organized labor." The crisis was declared to be grave and President Roosevelt's stand was commended.

BIRTHS IN LEE COUNTY 237.

For the Past Six Months—The Record in Adjoining Counties.

The total number of births in Illinois in the six months ending June 30 last was 37,898, according to the returns made to the state board of health by the county clerks of the several counties in the state. Of this number 19,806 were males and 18,128 were females, with the sex of 174 not designated. In color 26,862 were white and 446 were colored. The number of births in cities and towns of a population of 5,000 or over was 5,641; in towns between 500 and 5,000 population, 7,388; in towns of less than 500 population and in the country, 10,417.

The nativity of fathers of children born was as follows: Illinois, 15,850; United States, 16,025; foreign, 9,736, not stated, 2,702. The nativity of mothers was: Illinois, 17,408; United States, 12,989; foreign, 8,686; not stated, 2,628. The number of twin births was 293; of triple births, 6; of still births, 1,013.

The total number of births of both sexes in counties in this vicinity for the six months was as follows:

Lee county 237; Ogle 205, DeKalb 250, LaSalle 815, Bureau 371, Whiteside 301.

International Correspondence School Office.

The office of the International Correspondence School was today moved by Manager Stanley C. Cheminant from Schumm & Winders to Room 11 in the Brown building. District Agent W. A. Fox is here with Mr. Cheminant and the two have arranged a neat display of text books and apparatus of the schools in the east window of Kelley's drug store. There are seventy students of the schools in this city, the work being done entirely by mail, and there are 45,000 students throughout the United States.

—Mr. and Mrs. A. J. Brubaker returned last evening from a pleasant week's visit at Sterling.

—Will Covert of the Star Mandolin Club this morning received a grand concert Washburn guitar.

—Trin Carr of Byron has just closed a deal with J. W. Wolven for the purchase of the old Mumma farm in Pine Creek township of 133 acres for \$65 per acre. Mr. Carr has secured a very desirable farm and will take possession March 1st.

Coal Consumers of Dixon:--HOWDY

MURRAY THE CASH COAL MAN

Is back at it again and with the same old famous PANA COAL, which will be a guarantee (regardless of what combinations may try to say and do) that the prices of Soft Coal will be controlled absolutely by the market and not by combinations of Dixon. This concern—MURRAY COAL CO.—is independent and will remain so. We would recommend to those who are in need of coal, to buy now for the information we have from the Coal operators is that the Soft Coal market is the wildest it has been for years and as Chicago is the barometer as to prices and it has come to a question of who has Coal and not price, there may be a time when Coal will be very short—also very high. THE MURRAY COAL CO. will be from this time on the only agents of the famous PANA COAL and will be in a position to have Coal, if it is to be had any place.

An Improved Siphon.

F. J. Millar of this city in building the Millar-Gantz gas machine has had to use an ordinary siphon in his work for drawing off gasoline. It was inconvenient so Mr. Millar forthwith invented an improved siphon for which he has applied for a patent. Anyone who has seen a bartender siphon off a demijohn of whiskey from a barrel of old rye after much sputtering and spitting to get the stream started can understand why the instrument will be much sought after by them. In fact the siphon will be useful in a number of vocations.

Presbyterian Social Tonight.

The annual church meeting and social of the Presbyterian church will be held this evening. Everybody is invited and there will be no admission charge.

Connections are being made with the city water mains for the new church organ and at the same time sewer connections will be made. The church is undergoing many improvements and reports of the work will be made at the meeting this evening.

Sagacity Bird.

Mexico has a clever bird, called the melanarpos, which has discovered a use for the telegraph pole. At the foot of the post this bird makes a large hole, in which it rears its family. Somewhat higher up the post it makes an observatory, from which bored holes permit it to observe the horizon in every direction. Still higher this sagacious bird makes its storehouse, and thus the pole serves as its home, fortress and warehouse.

Instinct of the Mudfish.

The remarkable instinct of the mudfish to roll himself in a ball of mud when the dry season approaches is a wonderful provision of nature intended solely, it would seem, to prevent the extinction of the species. The most interesting fact about this fish is that it breathes by means of its gills when in its native element and by means of lungs during its voluntary imprisonment in the mud cocoon.

Changed View.

"He's dreadfully disagreeable and boorish."
"Tut, tut, my dear. He used to be, but he is no longer."
"How is that?"

"Why, since he has become famous we have decided to consider him only delightfully eccentric and original."—Chicago Post.

Relative Importance.

"And you really think that the political boss of your party is a greater man than Henry Clay?"

"Well," answered the candidate, "I won't exactly say he's greater, but he has a great deal more influence with the people with whom I am doing business at present."—Washington Star.

Familiar Proverbs.

Mr. Churton Collins, in the New Liberal Review, traces the ancestry of some of our most familiar proverbs. "It is a wise child that knows his own father" is from the Odyssey; "Familiarity breeds contempt" is a saying of Plutarch; "Set a thief to catch a thief" is of Cato's coinage; "One swallow doesn't make a summer" is cited by Plato as already proverbial, as was "His bark is worse than his bite" when Quintus Curtius wrote it down.

The Reason.

Wife—I think these new women who affect masculine attire are ridiculous.
Husband—I'm sure there's no danger of your wearing men's clothes.
Wife—Well, I should say not.
Husband—No; men's clothes couldn't possibly be made expensive enough to suit you.—Philadelphia Press.

Invisible.

Maud—I think that it is just too horrid for anything. Here I've been standing over the side of the vessel for half an hour and can't see it.
Ruby—Can't see what, my dear?
Maud—Why, the equator. The captain said we were crossing it.

Unreasonable Question.

"What happened 400 years ago this year?" asked Freddie's teacher.
"Don't know, please, sir," answered Freddie. "I am only seven years old."

The Miser's Story.

"He lived very poorly."
"Yes, but he died rich."—Chicago Record Herald.

An Opportunity.

Henry—There's one thing that can be said of poor Tom. He died without owing a dollar to any one in the world.
Dick—And think of the opportunities he must have had! It should be a warning to everybody still alive. You haven't got a couple of dollars about you that you can let me have until I see you again?—Boston Transcript.

CONCERNING LABOR AND HOME INDUSTRIES

NOTE—Contributions for this Department must be brief and of local significance and interest.

F. R. Hanlon, candidate for minority representative against Caleb C. Johnson, has returned from a week's campaign tour.

There will be a meeting of the Labor Congress Friday evening, October 17th, at 7:30 sharp. All delegates from each union are requested to be present as there is business of importance. Meeting at the Carpenter's Hall, Dailey building, Galena avenue.

Shoemakers Help the Miners

The Secretary of the Shoe Makers Union No. 265 of this city has received acknowledgement of their remittance of twenty-five dollars to the United Mine Workers Union through their secretary W. B. Wilson of Indianapolis, Ind.

Labor Candidate.

Frederick R. Hanlon, who is the labor candidate for minority representative at the election Nov. 4th, was a pleasant caller at this office Tuesday afternoon. Mr. Hanlon is a pleasant gentleman to meet, and reports that his chance to win the office from his opponent, Caleb C. Johnson, is very fair, as he expects the support of every friend of the labor party.—Ashton Times.

Efficiency in the Management of Men.

In a factory where 1,500 men work, their labor union made an unreasonable demand of the owner. The next day a number of old men went to him and said: "We are sorry that the union did this, and we want you to know that we were not at the meeting."

The owner replied: "Then you are to blame for it. You belong to the union properly; and it is your duty to attend its meetings. If all the best men had attended the meeting, the action of the union would have been wiser." Any demand that all the men in the shop make after careful deliberation is likely to be a reasonable demand.

Then he went on: "Labor unions sometimes have bad government for the same reason that cities have it—the best men do not vote. To be of use the union should comprise the best men, and they should attend its meeting and direct its conduct."
Such an incident as this tells its own story and carries its own moral. The more you think of it, the wiser the owner's conduct seems. He has never had a strike.—(From the World's Work.)

THE WORST FORM.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill of Troy, I. T., writes: For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat. Rowland Bros.

REJECTION PROBABLE

Miners Will Not Accept the Operators' Proposal in Its Present Form.

THAT IS THE GENERAL OPINION

Mitchell Declines to Talk Until He Has Studied Awhile.

Wants to Analyze the Offer of the Barons—A Coal Operator's Remarks—Gomper's View of the Proposition.

Wilkesbarre, Pa., Oct. 15.—A thorough canvass of the situation as it exists at this writing shows every indication that the arbitration plan proposed by the presidents of the coal companies for ending the miners' strike will not be accepted in its present form. There is a division of opinion among the strikers, but there is no doubt that a majority believes that the offer to have the president of the United States select an arbitration commission along the lines suggested by the operators is not fair, and that it unduly limits the president in making up the board. The miners, it is safe to say, will abide the advice of their national president, in whose judgment they have the utmost confidence.

Statement by President Mitchell.

President Mitchell dictated the following statement to the press last night: "I fully appreciate with what anxiety the people of our country are awaiting the end of the coal strike. The coal operators have not addressed the miners' union or its officers in making their public statement. It is, therefore, impossible for me to state the attitude of the miners at this time. I am now, as I have always been, deeply solicitous of the interests of the public and the welfare of the mine workers who have been on strike for the past five months. A formal statement defining our position and intentions will be issued just as soon as we are in possession of the full meaning of the proposition of the operators."

Mitchell Will Say Nothing More.

This statement he had no intention of making until the correspondents representing newspapers all over the country called on him in a body and informed him that the general public desired to have an answer to the proposition of the operators. After giving it he was asked many questions, but would not reply. His attention was called to the fact that most of the information from Washington indicated that the proposition would be accepted, and that the strike was near an end, but he stoutly maintained that neither his officers nor the rank and file of the men had done anything to cause such an impression to go out.

Strike Leaders Go Into Conference.

There is a conference going on today between Mitchell, the three district presidents, and Secretary-Treasurer Wilson. It is fully expected that the sentiment of all the strikers will be known today and that action will be taken accordingly. There is talk of a convention being held, but there is nothing definite on which to base this talk. When Mitchell was asked if he and the district officers had power to end the strike, he said that it is a rule of the organization that no settlement can be made by the officers of the union without the consent of a delegate convention. It is practically certain that Mitchell's advice will be followed in the conference. While he has not said a word as to what he will do, it is freely predicted by those who understand the situation that he will advise a refusal of the proposition.

FROM SOME OTHER VIEWPOINTS

Gompers Says It's an Insult to the President—Operator's Comments.

Washington, Oct. 15.—President Gompers, of the Federation of Labor, with whom Mitchell has been in constant communication and consultation, declined all requests of newspapers for an expression of opinion on the proposition of the coal operators, but last night stated his views to the Associated Press. Gompers said: "You can readily understand that I want to leave this whole matter in the hands of Mr. Mitchell and his colleagues. I am particularly anxious not to say anything that might be construed otherwise. I will say that in my opinion the proposition made by the operators, at least so far as their designation of who should be invited to go on the commission of arbitration is concerned, is an insult to the president of the United States." From which it will be correctly inferred that Gompers sees little good in the proposition.

New York, Oct. 15.—One of the men prominent in coal circles said yesterday: "The arbitration proposition now before President Roosevelt was formulated by the men whose names and interests are appended thereto. It is only fair to say that Mr. Morgan took an active part in the proceedings, and his suggestions were most valuable. The operators realized that matters had reached the stage where somebody had to give way. As men of common sense they knew that they could not freeze the American public. * * * We believe we have been more than fair in our position. Until we know how it has been received we can say nothing more."

Washington, Oct. 15.—There is con-

siderable speculation as to how soon the effects of a settlement of the coal strike will be felt by the individual consumers.

Washington, Oct. 15.—All efforts to ascertain at the White House last night whether President Roosevelt has communicated with President Mitchell the proposition of the mine operators with a view to the resumption of work were unavailing. Two names suggested for membership on the commission of arbitration are Carroll D. Wright, the commissioner of labor, and E. W. Parker, statistician of the United States geological survey, the latter being an expert on the subject of coal.

OPERATORS HOLD A MEETING

Manufacturers Association Presents a Scheme—Concession by Mitchell.

New York, Oct. 15.—The regular weekly meeting of the coal operators yesterday was preceded by a conference with a committee of the National Association of Manufacturers, and at the conference the salient points of a plan to settle the anthracite coal strike were submitted by the manufacturers. The operators will consider the plan while the mine workers are reaching a conclusion in regard to the proposal of arbitration submitted by the operators.

According to President Parry's (of the manufacturers' secretary, at the meeting between Mitchell and the representatives of the manufacturers' association at Buffalo last week—and the secretary says they have stenographic notes of the proceedings—Mitchell agreed to forego the recognition of the union in his demands upon the operators if there was a general advance in wages of 10 per cent.

The operators began their meeting immediately after the conference with the manufacturers, and at the close of the meeting President Buer, of the Reading, said that no statement would be given out regarding it. All of the leading operators were present at the meeting except President Olyphant and Vice President Wilcox, of the Delaware and Hudson. While the coal operators meeting was in progress, J. P. Morgan and his partner, Robert Bacon, arrived in the city from Washington and they went directly to Morgan's office. Morgan declined to tell anything new, saying that everything was in the newspapers. None of the operators would talk.

A copy of resolutions adopted at a meeting of the employees of the Hillside Coal and Iron company, at Forest City, Pa., was given out here yesterday. The resolutions demand protection for non-union workmen and call upon the operators not to accept any settlement with the strikers on the basis of a compromise that would jeopardize the interests of the workmen who have remained faithful to their employers.

LATEST STYLE IN MARRIAGE

Groom Composes the Ceremony and He and the Bride Do All the Talking.

Colorado Springs, Colo., Oct. 15.—An interesting wedding took place here last night when Eleanor Gertrude Stephens, of Boston, became the wife of Dr. Herbert Edmund Peckham, of Brooklyn. The ceremony was composed by the groom, and took half an hour in its performance, the contracting parties doing practically all the talking. At its conclusion the minister officiating declared the contracting parties man and wife. No ring was used, the bride presenting to the groom a pink rose and receiving a white lily. The bride party numbered fifteen persons, and all faced the assembled guests while the service was in progress.

Russian Court Methods.

St. Petersburg, Oct. 15.—The trial of the peasants accused of destroying private property in Kharkov province has been finished at last. Lenient sentences, not exceeding six months imprisonment, were imposed. The court refused to admit testimony that peasants were whipped, their houses destroyed and their wives and daughters violated by the soldiery.

Divinity and Normal Students Fight.

Emporia, Kan., Oct. 15.—Several hundred students of Presbyterian college and the State Normal School of this city engaged in a free-for-all fight during the progress of a foot ball game between the eleven representing the two schools, and the police were forced to use their clubs freely to quell the disturbance.

Echo of a Corn Deal.

Chicago, Oct. 15.—Robert H. Thorburn, a member of the commission firm of Walter & Thorburn, was suspended yesterday by the directors of the Board of Trade for one year. He was charged with refusing to make up the loss in a corn deal, where he had ordered a big purchase.

Admiral Schley at St. Louis.

St. Louis, Oct. 15.—Rear Admiral W. S. Schley and his wife spent several hours in St. Louis yesterday, and left last night for Fort Smith, Ark., where they will be the guests of the Knight Templars during the street fair.

Wisconsin Central Directors.

Milwaukee, Oct. 15.—At the annual meeting of stockholders of the Wisconsin Central Railway company in this city the old board of directors was re-elected, and will meet in New York in a few days to elect officers.

Base Ball Pitcher Married.

Monroe, Mich., Oct. 15.—It is reported here that Addie Joss, the Cleveland pitcher, and Miss Lila Shivanov, of Toledo, were secretly married at Monroe last Saturday. They left Monroe the same evening.

WILL FAVOR REVISION

Forecast of What Will Be in the President's Message as to Duties on Imports.

HEAD OF POSTOFFICE GIVES IT

Document Will Also Advocate a Permanent Commission on the Same Subject.

Milwaukee, Oct. 15.—Postmaster General Henry C. Payne, in an interview yesterday said that the forthcoming annual message of President Roosevelt to congress would probably recommend that a permanent tariff commission be appointed. "The president's views in regard to the revision of the tariff are substantially the same as those given by Senator Spooner in his speech last night," said Payne. "He will probably favor a reduction of import duties upon products which no longer need protection."

Permanent Tariff Commission.

"He is also inclined to favor the creation of a permanent tariff commission, which can at all times receive testimony subject to expert consideration of the varying interests of production and trade; submitting their reports and recommendations to congress, as do other departments of the national government. This will insure the thorough and careful compilation of an information accessible, and will save to congressional committees a vast amount of labor."

Foley Outlined at Logansport.

"This was the policy outlined by the president in his speech at Logansport, Ind., which he had prepared for delivery at Milwaukee, and which, it is safe to predict, will be embodied in his annual message to congress. He is strongly in earnest in these views, as well as in those in relation to reciprocity as a feature of our commercial intercourse with foreign nations."

Thinks Cuban Reciprocity Sure.

"Since the adjournment of congress overwhelming manifestations that the people favor reciprocity with Cuba indicate that the opposition to that measure has faded away and that congress will at an early day redeem the pledge made by President McCallister for reciprocal trade relations with the young republic."

Knox Talks of the Trusts.

Pittsburg, Oct. 15.—Attorney General Knox addressed the members of the chamber of commerce at the Hotel Schenley here last night. There were 700 guests present. The subject of his address was "The Commerce Clause of the Constitution and the Trusts." His views on the subject coincided with those expressed by the president, the nub being national regulation and control.

INJUNCTION CASE AT OMAHA

Points Held Good by the Two Parties to a Case of Strike Picket Liability.

Omaha, Oct. 15.—Arguments in the application of the Union Pacific Railroad company for an injunction against its striking shopmen were concluded yesterday and the court took the matter under advisement. Summed up the argument for the railroad company was that testimony had been introduced showing that since the strike began there had been twenty-four assaults, one murder and forty cases of threat and intimidation.

For the strikers it was argued that of the 290 men on strike here but twelve had been guilty of misdemeanor, and that these misdemeanors were punishable by the laws of the state, counsel declaring that it would be an outrage to issue an injunction against so many men for the acts of a few.

Bishop Severely Injured.

LaCrosse, Wis., Oct. 15.—Bishop Jas. Schwabach, of the LaCrosse diocese of the Roman Catholic church, was seriously injured in a runaway accident at Cassels, Wis., and is now confined to his residence in this city, where he will have to remain for a few weeks. He was being driven to the church in Cassels and salutes were fired at his approach. As the first salute was fired the horses shied and ran away. The carriage was smashed to pieces.

Beats Wales Out of a Job.

Elwood, Ind., Oct. 15.—Acting upon instructions of President Shaffer, McKinley lodge, Amalgamated association, met yesterday and took another vote on the proposition of accepting a 25 per cent. reduction on orders from the Standard Oil company. The vote was almost unanimous to accept the reduction on the oil company's contract, but upon no others.

How Russia "Restore" Things.

London, Oct. 15.—In a dispatch from New Chwang a correspondent of The Times says Chinese officials are indignant at the condition in which the Shan-Hai-Kwan-New-Chwang railroad has been restored to them by Russia. In many places everything portable has been removed. The rolling stock was left in extremely bad condition.

Said to Have Lived 130 Years.

Chicago, Oct. 15.—"Grandma" Ellen Stewart, thought to have been the oldest person in Chicago, if not in the United States, died at the Home for Aged and Infirm Colored People, of which she had been an inmate since its founding in 1898. As near as can be reckoned "Grandma" was 130 years old.

BOAT AND TEN MEN MISSING

Part of the Crew of a Steamer That Foundered in a Storm on Lake Erie.

Ashtabula, O., Oct. 15.—The wooden steamer C. B. Lockwood foundered in a storm about fifteen miles off this port Monday night. The captain and the crew succeeded in launching two boats just before the steamer went down. One of the boats containing the captain was picked up near the harbor yesterday morning. The other boat has not yet been heard from. Tugs and lifesavers are searching for it. It contained ten members of the crew.

The Lockwood, after being storm tossed throughout Monday, sprang a leak and began to settle shortly before dark Monday night. Nineteen persons were on board. A yawl boat and a lifeboat were successfully launched. Captain French and his wife, a woman passenger and six members of the crew were in the yawl boat, while the lifeboat carried First Mate John Fritz and nine of the crew. The steamer went down soon after the small boats were launched.

TRAGEDY IN MINNESOTA

Claims Four Victims. One of Whom Is the Perpetrator of a Quadruple Crime.

Tracy, Minn., Oct. 15.—Frank McCallister died at his home here as a result of an accidental shot from a revolver in the hands of Ed Stricker. McCallister is the fourth victim of one of the most terrible tragedies ever enacted in this part of the state. Stricker entered McCallister's furniture store in search of his wife and child, and pulling a revolver shot and instantly killed his wife and little boy, 4 years old. He then turned the revolver on himself. How McCallister was shot is not definitely known, but the ball that hit him is supposed to have been a spent ball, as he was near the spot where the other victims were killed. The ball entered his jaw, and he died from strangling about six hours after the shooting. It was a case of domestic troubles. Stricker and his wife had lived apart for two years.

THINKS OF A FEW SCOOPS

Illinois Central Has Its Eye on No Less Than Nine Lines Now Leased.

Chicago, Oct. 15.—President S. Fish and several directors of the Illinois Central road arrived in Chicago last night to attend the fifty-second annual meeting of the company which is in session today. The main proposition to come before the meeting is for acquisition of the following lines now operated by the company under lease: Chicago, Madison and Northern; Kankakee and Southwestern; Chicago and Springfield; St. Louis, Alton and Terre Haute; Chicago, Havana and Western; Rantoul, Mound City, Chicago and Texas; Illinois and Indiana, Riverside and Harlem. These nine companies represent a mileage of 1,691 and all have voted in favor of amalgamation with the parent company.

Illinois Federation of Labor.

East, St. Louis, Ill., Oct. 15.—The Illinois State Federation of Labor yesterday began its twentieth annual session here with a large attendance. President Mensch, in his annual address, dwelt at length on the anthracite coal miners' strike. He wanted the delegates to assist the miners in every possible way.

Masked Thugs Kill a Man.

Alamosa, Colo., Oct. 15.—Two masked robbers shot and killed George Wright, a gambler, at the Antlers saloon early yesterday. The robbers had secured the contents of the cash register and were relieving the occupants of the saloon of their watches and diamonds when the shooting occurred.

Whaleback Goes to the Bottom.

Sault Ste. Marie, Mich., Oct. 15.—Whaleback barge 129, owned by the United States Steel corporation, was sunk by collision with her steamer, the Maunaloa, in the gale on Lake Superior. The crew was rescued by the steamer. Total loss, boat and cargo, \$70,000.

Absolute Control of the fire

The bottom of a Round Oak Stove is cast in one solid piece from the new iron—no joints to let air to the fire—extra large ashpit. The ashpit door and feed doors are ground on—also airtight. Every part of Round Oak Stoves is fitted airtight. This gives absolute control of the fire—whether you want it low, or very hot, or to keep ever night. This is a feature of the genuine Round Oak Stoves—it is not found in any of the numerous imitation "R.O.s." There are many other exclusive features in

Round Oak Stoves

—the cone grate, that prevents clinkers; special fixtures for hard or soft coal; fire bowl extension, protecting sheet iron body and forming hot blast; feed doors on side, so all heat goes out in the room—complete combustion of all fuel. These and many other features are found only in the genuine Round Oak Stoves, which bear the name of Beckwith of Dowagiac on the feed door, also the name Round Oak on legs and door. No other stoves equal them. If not at your dealers, send for the free book, "Striking It Rich."

MISS FAY LEE,

President of the Shakespearean Club, Kansas City.

Miss Fay Lee.

"Your booklet came to me like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

WINE of CARDUI

LICENSE OR NO CURE

Illinois Charges the Vienna Professor Who Cures Crippled Children a Fee.

ACCORDING TO THE LAW IT SEEMS

He Makes Nine Children Whole at a Clinic—D. A. R. Proceedings—State News Notes.

Chicago, Oct. 15.—Before an audience that crowded the amphitheater at the College of Physicians and Surgeons Professor Adolf Lorenz, of Vienna, conducted the largest clinic ever held in Chicago, and perhaps in the United States. The surgeon performed nine operations for congenital dislocation of the hip, or three more than he ever had treated in one day. All the patients were children, and all were suffering from the same affliction for which Professor Lorenz came to the United States to treat in little Lolita Armour.

His Observers Were Spellbound.
Patient after patient was called in, already under chloroform, and the eminent surgeon turned from one to the other and proceeded with his operations with a deftness and dispatch that held the audience spell-bound.

Professor Must Toe the Mark.
While the professor was resting yesterday after his labors of Monday the state board of health was considering his case, and finally sent him a notice that if he was going to practice medicine while on this trip, in Illinois he must pay the freight—take out a license. Dr. Egan, of the board, said: "The board understands that Dr. Lorenz intends to continue in practice here for some time. If this be true he must conform to the state law and secure a license as all other physicians must."

"How did the board get its information in regard to Dr. Lorenz which caused it to summon him to appear before the board?" was asked Dr. Egan. "We got it from the press."

He Planks Down His Cash.
Dr. Lorenz later appeared before the board and secured a license to practice his profession in this state. A summons to appear before the board was served on the doctor yesterday morning, and in the afternoon, in compliance with the request, he appeared before that body and was granted a license.

DAUGHTERS OF THE REVOLUTION

They Close the Illinois State Conference—Election of Officers—Mrs. Deere Indorsed.

Springfield, Ills., Oct. 15.—The last day of the sixth annual state conference of the Daughters of the American Revolution was devoted to business and the reading of papers. Mrs. Fairbanks, national president general, read a paper on the continental ball project. Governor Yates and Bishop Seymour also spoke to the delegates.

A memorial and bill to the general assembly looking toward the purchase by the state of the historical old Fort Massac were unanimously indorsed. The bill asks for an appropriation of \$10,000 for that purpose. The following state officers for the ensuing year were elected: Miss May Latham, Lincoln, vice state regent; Miss Florence Louise Gould, Moline, recording secretary; Miss May E. Woodbridge, Dixon, corresponding secretary. Mrs. Charles H. Deere, of Moline, the present state regent, was indorsed as the choice of the conference for re-election as regent at the national meeting in Washington.

Got Home in Time to Die.
Danville, Ills., Oct. 15.—After suffering a broken neck and the displacement of all the ribs in his right side, William Hall, 19-year-old son of Justice of the Peace H. J. Hall, walked to his home in South Danville, where he alighted without assistance and walked to his home, two squares away. A few seconds after the arrival of a doctor he expired. He had been trampled by horses.

Republicans Hold a Conference.
Carbondale, Ills., Oct. 15.—A conference of Republican leaders was held in this city yesterday. Secretary Hoy, of Woodstock, heading a sub-committee of the state general committee, met the Republican editors of southern Illinois, together with the county central committee and local leaders. The conference lasted three hours and was devoted to a discussion of local conditions. No report was given out.

Incorporated in Illinois.
Springfield, Ills., Oct. 15.—Secretary of State Rose has licensed the incorporation in Illinois of the American Steel Foundry company, incorporated under its laws of New Jersey, with principal offices in Jersey City, and with a capital stock of \$400,000, of which \$3,000,000 is in Illinois.

Mrs. Riley and Coward on Bail.
Carbondale, Ills., Oct. 15.—Miss Ella Riley and her son-in-law, Walter W. Coward, charged with the murder of Mrs. Riley's husband last August, were released on bail yesterday, having deposited \$10,000 in a bank and the bond was furnished by the bank officers.

Fatally Hurt in a Runaway.
Metropolis, Ills., Oct. 15.—Miss Annie Koon, daughter of a German farmer living near here, died yesterday as the result of being thrown from a load of hay last Saturday. The horses ran away and she was fatally injured.

KLAMATH IN MURDER ASHES

Town in Northern California Suffers Fire Which Wipes Out \$350,000 in Property.

Ashland, Ore., Oct. 15.—The most destructive fire in the history of northern California visited the town of Klamath, at the crossing of the Klamath river, Siskiyou county, early yesterday, and wiped out the entire business portion of the place, the large new sawmill, sash, door and box factory, and over 5,000,000 feet of sawed cedar and pine lumber belonging to the mill of John R. Cook & Son, and did damage estimated at \$350,000.

The Southern Pacific company's station, freight houses, rolling stock and sidetracks were also destroyed. Most of the dwelling houses of the town, which were situated on the elevation, were saved, as well as one hotel on a back street. The conflagration started in the sawmill of John R. Cook & Son. The fire was visible eighty miles away.

LEGAL TENDER INVOLVED

In a Case That Had Its Base in the Tender of Silver Dollars to Pay a Debt.

Washington, Oct. 15.—An important case which raises the question of the constitutionality of the legal tender provisions of the Bland-Allison act of 1875 was submitted without argument in the United States supreme court yesterday. The case originated in Michigan in 1897. Stephen Baldwin was indebted to Fred A. Baker to the extent of \$364, and in payment tendered 364 silver dollars.

Baker refused to accept the silver, alleging that it was not legal money. Baldwin brought suit in the state courts of Michigan to compel acceptance, and those courts sustained his contention. Baker brought the case to the supreme court on a writ of error.

Burial of Jacob W. Heath.

Muncie, Ind., Oct. 15.—Monday afternoon funeral services were held over the remains of the late Jacob W. Heath, father of Perry S. Heath, ex-first assistant postmaster general of the United States. The funeral was one of the most extensive seen here in years. All the children were present. Members of Delaware lodge of Masons, of which the deceased was a member, were in attendance in a body.

And the German Auto-Maker Smiled.

Berlin, Oct. 15.—Prince Henry's new automobile, in which he started from Hamburg Oct. 9, via Dusseldorf, for Darmstadt, where he will spend his vacation with the princess and their children, broke down in the country before he reached Dusseldorf and the prince was compelled to stop all night with the proprietor of a repair shop. The auto is of United States make.

Some Foot Ball Incidents.

Omaha, Oct. 15.—In a foot ball game between the University of South Dakota and the Omaha Medical college Captain Newcomb had a shoulder blade fractured. Player Thompson had a rib broken, and Novotny, Jung and Eby were forced out of the game by more or less severe injuries.

Beresford Sees a Wire Mill.

Trenton, N. J., Oct. 15.—Lord Beresford, who is visiting the United States, was in Trenton yesterday and went through the Roebling Wire mills. He was entertained at luncheon by F. W. Roebeling and later he met Governor Murphy and other state officials.

Speaker Henderson at Washington.
Washington, Oct. 15.—Speaker Henderson, accompanied by his wife and daughter, arrived here last night from Atlantic City.

Nothing in Engineering is more romantic or curious than the fashion in which the ordinary conception of a mine as an opening penetrating far below the ordinary level is reversed where inducements offer to climb high above the earth's surface before piercing into it.

There is, for instance, the Eureka gold mine, probably the highest in the world, situated 14,000 feet up in the Andes range, not far from the city of Jujuy, in Argentina. So high is this mine that it is only worked with great difficulty owing to the "mountain sickness" and to similar troubles to which workers at this immense altitude, almost three miles in the air, are subjected.

Near Chocaya, in Bolivia, there is the Veta del Cuadro mine, where silver ore is extracted 13,000 feet above sea level, while the same metal is wrought near Peopu, in the Cordilleras, 12,400 feet above tide water. The produce from all these is carried on mule back over tremendous mountain paths to points where it can be placed on rail or be concentrated into more portable form for further transit by wagon to the seaboard.—Stray Stories.

Cool Garden Spots.

A glacier when it dislodges itself and sails away over the Arctic ocean never travels alone. In the wake of every large one floats a line of smaller companions.

The Eskimos call this phenomenon "the duck and ducklings," and any one who has watched the progress of the elder duck followed by her brood will appreciate the aptitude of the name.

Strange as it may seem, plants grow and blossom upon these great ice mountains. When a glacier is at rest, moss attaches itself to it, protecting the ice beneath, just as sawdust does. After a time the moss decays and forms a soil, in which the seeds of buttercups and dandelions, brought by the wind, take root and flourish.

Those who have traveled in arctic lands say they have found no point yet where the poppy does not bloom during the brief northern summer.

The Skin.

Bathing to many persons is a term embodying an expenditure of time and considerable trouble. It is probably because they do not cleanse the skin until it gives visible signs of its needs. Now, the skin is everlastingly throwing off impurities which you cannot always see with the naked eye, but which will be readily found in the appearance of the bath water even when one bathes each day. When you can wear a white collar a few hours without marring its spotlessness where it comes in contact with the skin, you may have some excuse for thinking that you are perfectly clean and not before. The nearest person I ever saw could not boast of such an achievement for the thing is well nigh impossible. Nature has provided the pores for drainage purposes, and in health they work without ceasing.—Boston Traveler.

The Singing Mouse.

The power of song among the brute creation has so long been associated in our minds with the feathered tribe alone that we do not think of it as belonging to any four footed animals. Yet there is a mouse that sings—why, nobody knows. It is a small animal, with very large ears, which are moved about much while singing, as if that were necessary to the success of the vocal performance. The song is not, as you think, a prolonged squeak with variations, but a succession of clear, warbling notes, with trills, not unlike the song of a canary, and quite as beautiful, though some of the notes are much lower. One great peculiarity is a sort of double song, an air with accompaniment quite subdued. Upon first hearing this one believes that he is listening to more than one mouse, so perfect is the illusion.

The Louis Styles.

It was the French King Louis XI, who invented gold lace, and it was Louis XIV, who ordered all the silk upholstery of the palace done in white with figures of gold and blue and a touch of red. The louis silks are named after him, and all the French kings of the name of Louis have had their names brought down to posterity through the invention of some article of dress, whether it be a Louis Quinze heel or a Louis Seize coat, while to Louis Quatorze belongs the honor of a cuff and a hat.

A Genius.

Small Son—I know what I'll be when I grow up—I'm going to be a great inventor.

Papa—That's encouraging, certainly. What makes you think you have inventive genius?
Small Son—Why, I wanted to take a screw out and I couldn't find a screwdriver, so I unscrewed it with your razor.—Short Stories.

A Wonder.

An advertisement was inserted for some one to take charge of the choir and play the organ at a village church. The following was among the replies: "Sir—I noticed your advertisement for an organist and music teacher, either lady or gentleman. Having been both for several years, I offer you my services."

Much In a Name.

Being informed that he was to be taken before a judge whose name was Justice, a Georgia negro exclaimed: "De goodness en gracious! Ef he gime me what his name call fer, I sho' is gone!"—Atlanta Constitution.

A Word of Kindness is seldom spoken in vain. It is a seed which, even when dropped by chance, springs up a flower.

A Scholarly Milkmaid.

He overtook her on the roadside while wandering for his health in the Berkshires.

"At last," he said, "I have found a typical milkmaid of old New England. See her big sunbonnet, her dress up to her shoe tops, her plain but neat calico and the very pail itself. It is a morning for adventure, and I will speak to her."

He quickened his walk and was soon near her.

"Fine morning this morning," he said, "I would like to help you carry the pail."

There was no reply, but he felt the roguish smile that he knew was hid under the sunbonnet. So he kept on doing all the talking until they reached the lane into which she was about to turn.

"Can I go with you?" he asked.

She turned and faced him.

"No, sir; you may not, nor do I desire your attentions. It is bad enough to have a grown man splitting his infinitives, but when he shows his ignorance of the proper use of should and would and then caps the climax by using can for may I think it is only my duty to tell him that the summer school is in session about ten miles from here."—New York Times.

Witty Members of Parliament.

Charles James Fox once made remarks on government gunpowder in the house of commons which Adams, another member, thought offensive to the ministry, and the two met, as even wise men did in those days, to shoot one another. Fox refused to fire, declaring he had no quarrel, but Adams aimed and shot, slightly wounding his adversary. When it was over, the two shook hands, and Fox was happy enough to say, "You'd have killed me, Adams, if it had not been government powder!"

Other men there have been who would not sit through a speech for the government's sake, much less fight a duel. "What's going?" somebody asked a member of parliament when a minister had got up to speak. The M. P., hurrying on, said, "I am." The story recalls one of Lord Erskine, who was stopped in the lobby with the question, "Who's up?" "Windham," said Erskine, and the other asked, "What's he on?" "His legs," replied the witty lawyer.

Crusoe Kept Good Friday.

There was once a woman in Albany, prudent and cautious about the literature read by her children, who appealed to Bishop Doane for advice and instruction in the matter. They considered and discussed many juvenile books, the bishop either approving or condemning them as they came up for judgment, until finally "Robinson Crusoe" was named.

"Do you think it suitable for my Tommy?" asked the woman.

"Oh, yes," replied the bishop. "It is quite a harmless narrative and has pleased boys for ages. Besides, you know, there is some reason to believe Robinson Crusoe was an Episcopalian." And the bishop's eyes twinkled. "Indeed!" exclaimed Tommy's mother. "Why, I never knew that."
"Yes," continued the bishop; "you will remember that he kept good Friday."

How It Happened.

"It was kinder funny—that is, over-lookin' the seriousness of it," said the landlord of the Pettyville tavern. "You see, Miss Gabriella Lanks, who has—no meanin' any disrespect to her, you understand—been an old maid so long that it's generally believed to be chronic, approached the railroad crossin', and a brakeman waved a red flag at her to warn her of the danger. She thought he was tryin' to flirt with her and advanced toward him with a smile, and a caboose that was backin' up struck her good and plenty. Luckily no bones were broken, and the first thing she said when she recovered consciousness was 'Oh, this is so sudden!'"—Smart Set.

Hedgehogs.

Hedgehogs are very strong in the water, swimming with ease against a rapid stream, and with their muscular claws they turn up the nests of trout or salmon and make a goodly haul therefrom. They will breast a very rapid stream, and cold water, as near the freezing point as may be, seems to have no terror for them. The eggs of the salmonide are a welcome prey to nearly every animal that will face water. Aquatic birds, rats (both house and water), hedgehogs, beetles and their larvae, the so called fresh water shrimp, are deadly foes.

Her Privilege.

Husband—What's wrong with that house we looked at yesterday?
Wife—It's too big.
Husband—Well, the one we visited today, then?
Wife—It's too small.
Husband—Say, what sort of a house do you want?
Wife—Sir, I don't propose to commit myself!—Boston Post.

A Cruel Death.

"Nora," said her mistress, "I want a chicken smothered in onions for this evening."
"If yez want it killed in as cruel a way as that, mem," replied the indignant kitchenmaid, "yez'll hev to do it yerself."—Chicago Tribune.

Helpless.

"How many servants do you keep?" asks the first matron.
"I didn't keep twenty-two last year," confesses the worried housekeeper.—Baltimore American.

A Man's Word.

The greatest liar on earth tells the truth to his doctor. The most truthful man alive is tempted to lie to the assessor.—San Francisco Bulletin.

FIRM FOUNDATION.

Nothing Can Undermine It In Dixon.

People are sometimes slow to recognize true merit and they cannot be blamed for so many in the past have been humbugged. The experience of hundreds of Dixon residents expressed publicly through new and other sources places Doan's Kidney Pills on a firm foundation.

Mrs. G. G. Rosbrook of 408 First street, says: "Two years ago backache and other symptoms plainly indicated that my kidneys were either weakened or over excited. I went to Leake Bros' drug store for Doan's Kidney Pills and took a course of the treatment. It cured that particular attack. Since then when I notice the slightest symptom of the recurrence I appeal at once to Doan's Kidney Pills. Two or three doses had never failed to give me relief. On many occasions I have recommended the medicine to many sufferers from kidney complaint. For sale by all dealers. Price 50 cents a box. Foster-Milburn & Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute."

VIENNA SURGEON IN CHICAGO.

Will Hold a Clinic in Chicago This Evening—Dixon Physician There.

Our dispatches this evening on another page give an account of the action of the state board of health in forcing the famous Dr. Adolph Lorenz of Vienna to take out a state license. This evening at 8 o'clock the noted surgeon holds a clinic at Mercy Hospital Chicago giving a demonstration of "The principles of bloodless reduction of congenital dislocation of the hip joint and the principles of reduction of deformities." Among the physicians invited and who have gone to the city to attend the clinic is Dr. O. B. Blackman of Dixon, president of the State Homeopathic Association.

Miss Woodbridge Secretary.

Our dispatches on page 6 give a report of the state meeting of the Daughters of the American Revolution at Springfield and it will be noted that Miss Woodbridge of this city was elected corresponding secretary and Miss Florence Gould of Moline, who visited the Dixon chapter a few days ago, was elected recording secretary.

To Oregon as Witnesses.

Deputy Sheriff Wohnke, C. A. De-ment, Chas. M. Huguet and Geo. A. Detrick drove to Oregon this morning to appear as witnesses in the circuit court in the case of the state against J. Bishop charged with horse stealing. The horse was taken from the pasture of F. B. Gale near Oregon and brought to Dixon August 16.

Quarantine Rule Satisfactory.

T. T. Baker, an inspector of the state Board of health, was in consultation Tuesday with the local health officials over the smallpox situation in Freeport. There are sixteen cases, all of a mild type. Dr. Baker considered that the quarantine has been enforced in each case as sufficient precaution.

Special Meeting of Candlelighters.

A special meeting has been appointed for the industrial department of the Candlelighters' society for tomorrow afternoon at 2:30 o'clock. The devotional meeting will be Friday after-noon at 8 o'clock.

Oregon High School Team Here.

The Oregon High School football team will play the North Dixon football team at Athletic Park Saturday afternoon.

—Seven applicants are taking the civil service examination before Ed. F. Cahill, secretary of the postal board.

—Mr. and Mrs. A. M. Wise of Wi-chita, Kansas, are visiting at the home of Mrs. Chambers on West Seco d street.

—Mrs. Louis Heile and daughter re-turned to their home in Chicago this morning after a visit with Dr. and Mrs. W. W. Wynn.

—John Egler and son are here from Pawpaw today. Mr. Egler is an old resident of the county and it is eight years since he has visited Dixon.

—Miss Annabel Baldwin accompan-ied her aunt Mrs. Skinner and cousin J. H. Watson, who has been visiting here, as far as Chicago this morning.

—Walter A. Wyckoff, the author of "The Workers," continues in Scrib-ner for October his observation of London Wage-Earners. This paper is devoted principally to the remarkable success of the efforts in London, both by the Government and by private en-terprise, for ameliorating the terrible evils of overcrowding in a great city. His description of the Rowton hotels and the Guinness Houses will interest all lovers of philanthropy.

Why He Changed His Mind.
"I tell you, sir, civil service is a great thing.
The man addressed looked aston-ished.
"Coming from any one but you, that remark would not greatly surprise me," he said. "You didn't think so when I last saw you."
"No, I didn't."
"You considered civil service little short of a civic curse."
"That's right. But then I was on the outside and trying to get in, while now I am on the inside and trying to stay in. It makes a great difference."
—Brooklyn Eagle.

The man who is always calling for the fool killer would be the first to hide if he saw him coming.—Chicago News.
